NEW QUESTION: 1 ViruXine.W32 virus hides their presence by changing the underlying executable code. This Virus code mutates while keeping the original algorithm intact, the code changes itself each time it runs, but the function of the code (its semantics) will not change at all. Here is a section of the Virus code: What is this technique called? **A.** Stealth Virus **B.** Dravidic Virus **C.** Polymorphic Virus **D.** Metamorphic Virus **Answer: C**

NEW QUESTION: 2 Your network contains an Active Directory domain named contoso.com. Your company hires 500 temporary employees for the summer. The human resources department gives you a Microsoft Excel document that contains a list of the temporary employees. You need to automate the creation of user accounts for the 500 temporary employees. Which tool should you use? **A.** The Add-Member cmdlet **B.** Active Directory Users and Computers **C.** ADSI Edit **D.** The csvde.exe command **Answer: D** Explanation: The CSVDE is a command-line utility that can create new AD DS objects by importing information from a comma-separated value (.csv) file. This would be the least amount of administrative effort in this case especially considering that these would be temporary employees.

NEW QUESTION: 3 A customer requires a solution that will automatically calculate values and update fields on a set of objects with those new values. When writing this trigger, what should be of concern to the developer? **A.** Performance implications **B.** Trigger limitations **C.** Reporting dependencies **D.** Storage space **Answer: A**

NEW QUESTION: 4 DRAG DROP What is the most cost-effective Office 365 licensing option for the administrative employees and distribution and warehousing employees? To answer, drag the appropriate licensing options to the correct employees. Each licensing option may be used once, more than once, or not at all. You may need to drag the split bar between panes or scroll to view content. NOTE: Each correct selection is worth one point. **Answer:** Explanation:
