NEW QUESTION: 1 Which statement about IOS privilege levels is true?
A. Privilege-level commands are set explicitly for each user.
B. Each privilege level is independent of all other privilege levels.
C. Each privilege level supports the commands at its own level and all levels above it.
D. Each privilege level supports the commands at its own level and all levels below it.
Answer: D
Explanation: Explanation/Reference: Explanation: Use either of these commands with the level option to define a password for a specific privilege level. After you specify the level and set a password, give the password only to users who need to have access at this level. Use the privilege level configuration command to specify commands accessible at various levels.
