Before the purchase, the clients can download and try out our D-SNC-DY-00 study materials freely, It will be very easy for you to pass the exam and get the certification.

It is universally acknowledged that there are thousands of D-SNC-DY-00 sure-pass materials now on the market.

**NEW QUESTION: 1** A user has configured the AWS CloudWatch alarm for estimated usage charges in the US East region. Which of the below mentioned statements is not true with respect to the estimated charges?**Exhibit:****A.** It will include the estimated charges of every AWS service**B.** The metric data will show data specific to that region**C.** It will store the estimated charges data of the last 14 days**D.** The metric data will represent the data of all the regions  
**Answer: B****Explanation:**When the user has enabled the monitoring of estimated charges for the AWS account with AWS CloudWatch, the estimated charges are calculated and sent several times daily to CloudWatch in the form of metric data. This data will be stored for 14 days. The billing metric data is stored in the US East (Northern Virginia. Region and represents worldwide charges. This data also includes the estimated charges for every service in AWS used by the user, as well as the estimated overall AWS charges.

**NEW QUESTION: 2** A vSphere Administrator attempts to remove a host from a vSphere distributed switch, and fails. There is a notification that resources are still in use.What are two possible causes? (Choose two.)**A.** The ESXi host has a virtual machine with over 256 GB RAM assigned.**B.** There are VMkernel adapters on the distributed switch that are in use.**C.** There are virtual machine network adapters connected to the distributed switch.**D.** The administrator does not have sufficient rights to remove the host from the distributed switch.**Answer: B,C**  
**Explanation:****Explanation:** References:

**NEW QUESTION: 3** An insurance company has just installed IBM Content Manager, which will be used to manage all their client information and claim documents. The company is planning to implement a claims process to utilize the document routing feature provided with Content Manager. In the claims process, multiple agents will work on the same claim, on different tasks, such as evidence collecting, document verification and claim history searching. Once all the tasks are completed the claim process can then be moved to next stage.Which of the following work nodes can be added in the document routing process to allow multiple to work on the same claim concurrently?**A.** Split nodes and join nodes**B.** Multiple sub-process work nodes**C.** Collection point work node**D.** Decision point work node**Answer: C**
