A. RADIUS server, local username, line password
B. Line password, local username, RADIUS server
C. Line password, RADIUS server, local username
D. RADIUS server, line password, local username
Answer: A
Explanation:Explanation/Reference:Explanation:sessions use the vty lines, where the configured authentication method is named "default." The AAA default login preference is stated in order from first to last, so here the "aaa authentication login default group radius local line" means to use RADIUS first, then if that fails use the local user database. Finally, if that fails use the line password.
