NEW QUESTION: 1You are creating a new Crystal report using ODBC. What is the reason you do not see your database in the Select Datasource list?**A.** You have not synchronized with the database.**B.** You did not create the connection.**C.** You have to create the DSN each time you create a new report.**D.** The DSN was moved into your History folder.**Answer: B**

NEW QUESTION: 2Given:From what threading problem does the program suffer?**A.** race condition**B.** starvation**C.** livelock**D.** deadlock**Answer: C**Explanation:A thread often acts in response to the action of another thread. If the other thread's action is also a response to the action of another thread, then livelock may result. As with deadlock, livelocked threads are unable to make further progress.However, the threads are not blocked -- they are simply too busy responding to each other to resume work.This is comparable to two people attempting to pass each other in a corridor: Alphonse moves to his left to let Gaston pass, while Gaston moves to his right to let Alphonse pass. Seeing that they are still blocking each other, Alphonse moves to his right, while Gaston moves to his left. They're still blocking each other, so.
